## Meeting Summary

Our team worked on the finishing touches of our presentation slides. Any remaining work will be completed to be turned in by tomorrow before 2PM. We then discussed which parts of the presentation each team member will handle. We are waiting on feedback from the second version of our SRS document, but once this is in we will work together to form a third and final version of the SRS document to be turned in by Sunday, December 11th at 5PM. Once our prototype is finished, we plan to meet and create our project demo video. We plan to meet once more to work on these final deliverables on Thursday, December 8th after class.

## Agenda

- Discuss additional work to be done on our final presentation slides
- Prepare for our presentation on Thursday - who presents what slides/prototype
- Discuss what work needs to be done for our video demo
- Discuss what work needs to be done for our SRS and Prototype v3
- Create a tentative agenda for meeting 8
