 CSE 435 - Inspection Summary - PCAS1

### Agenda

- Discuss the feedback given by other teams during today's class
- Combine all comments into one cohesive documents
- Interpret written student feedback and include this in the document

### Action List

#### Group HW - Inspection Summary (due Wednesday, 11/23 at 5PM)

- Discuss feedback
  - Most of the feedback was positive, though we are missing a few things
    - Use Case diagrams
  - There are a few minor typos
- Combine comments into cohesive document to be turned in
  - Dean and Edie worked on this to be turned in by the due date

#### Open Floor

- Any additional items/things we missed?
  - N/A

### Meeting Summary

Edie and Dean worked on creating the final Inspection Summary document based off of comments made by students during class. We combined all comments into one cohesive document and included summaries of student feedback in writing.
