Meeting Summary

Members of the team discussed what was left to be done in order to turn in deliverables of Prototype and SRS version 2 by Friday, 12/2 at 5PM. Ashley will continue work on our prototype and prototype description, Judy will work on the next iteration of our Sequence Diagram, and Dean will work on the next iteration of our Domain Model. We moved up our next meeting to Monday, 12/5 at 5PM - 6PM in order to meet once again before our final presentation is due. Until then, we will work on our assigned tasks and contribute to the final presentation file.
